The HOT SUN Does Not Stop Our Volunteers !!

The early HOT weather has not stopped our great Volunteers from continuing their work on the new building, the PTF3 Vietnam Patrol Boat restoration and the ongoing maintenance of the Navy F14 Tomcat Jet. We make sure they all drink lots of water but the need for cases of donated water continues.

New DeLand Naval Sea Cadet Corp Unit Planned

Dennis Dickerson & Ronald Wilson
Will Develop New DeLand Unit

Lt. Commander Dennis Dickerson, (USNSCC) and Master Chief Ronald Wilson, US Navy Ret., presented their plan to develop a new DeLand Naval Sea Cadet Corp Unit. Dennis will serve as the Executive Officer and Ronald will become the Commanding Officer of the new unit. The DeLand Naval Air Station Museum will serve as the host organization for the students, ages 10 through high school, to train. For more information visit www.seacadets.org, or Dennisdickerson2@msn.com.

Rita Gillis & Mary Lou Peffer
Congratulate Frank Johnson

Frank Johnson has retired from his position of Executive Director of the West Volusia Historical Society. Congratulations Frank! The Historical Society welcomes Sarah Thorncroft as the new Director of Operations. Sarah is a public historian with a passion for Florida history and a Master of Arts degree in History. Her experience includes Maitland Art and History Museums and DeBary Hall.

About Us

Established in 1962, the U.S. Naval Sea Cadet Corps is a youth leadership development program supported by the Department of the Navy and the Navy League of the United States.

A lot has changed since our early days, but we have remained strongly committed to providing unique, life-changing opportunities for our country's youth.

**U.S. NAVAL
SEA CADET CORPS**

CHART YOUR COURSE

Building leaders of character

For age 10 through completion of high school

www.seacadets.org

Two Programs:

Our junior program, the Navy League Cadet Corps, is for youths ages 10 through 13. Our senior program, the Naval Sea Cadet Corps, is for youths age 13 through completion of high school. At each level, cadets are mentored by committed adults and peer leaders.

Membership Requirements:

Prospective cadets must be drug, alcohol and gang-free while attending school full-time. The annual enrollment fee is determined by the unit.

Training Opportunities:

Throughout the year, cadets regularly meet for activities with a local unit. During school vacations, cadets have the opportunity to participate in training events around the country. We offer programs in areas such as aviation, field and medical training, leadership development, military police science, scuba diving, seamanship, photo journalism and sailing. Cadets train aboard U.S. Navy and Coast Guard ships and can meet Sea Cadets from around the world on our International Exchange Program.

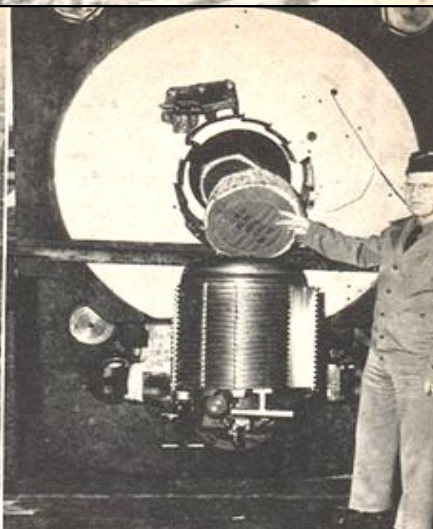

Membership Benefits:

Cadets have the privilege of wearing the U.S. Navy uniform with appropriate Sea Cadet insignia. Cadets have absolutely no commitment regarding future military service, but cadets who do decide to enlist may be eligible to enter at an advanced pay grade. Cadet experience also helps individuals become more competitive for commissioning programs.

The United States Naval Sea Cadet Corps is a nationally recognized 501(c)(3) organization. The local facebook page is US Naval Sea Cadet Corps-DeLand.

WWII HISTORY - NYLON STOCKINGS RATIONED

After Pearl Harbor was bombed on December 7, 1941, and the United States entered World War II, the material for women's hosiery was severely rationed and channeled into war efforts. Nylon was permitted only in the manufacturing of parachutes, tire cords, ropes, aircraft fuel tanks, shoe laces, mosquito netting and hammocks.

WWII Homefront Solutions

With today's fashion trends it is hard to believe that women went to such lengths to obtain nylon stockings, even reenlisting in the military to qualify for a pair! Such was the effect of rationing and shortages in war-time. Giving up sugar, portioning out shoe ration stamps or finding that some things just weren't available was the norm. But not having some decent nylon stockings for work or special occasions was unpopular.

February 26, 1946 Creativity and a paint brush provided a temporary solution.

DeLandings Newspaper

Will Waves Sign Over For A Pair Of Nylons?

(SEA) — Reenlistment of Waves, stimulated by promise of a rate advancement for six months additional duty, may be expected to turn into a stampede with an announcement that 80,000 pairs of nylon stockings will be available to Waves, Spars and Navy nurses during February and early March, and another 37,000 pairs during late March and April.

The hosiery, to be sold through Ship's Service, will retail for approximately \$1.05 per pair. They will be 45 gauge and will be limited to one pair per girl bi-monthly.

Leg Makeup &

Painted Leg Seams

Expect Few Nylons Until Late in 1947

By UNITED PRESS

The man who ought to know has something to say about the supply of those things most dear to a woman's heart, nylons. Warren Beh, director of nylon sales for Du Pont, the only producers of nylon yarn in the United States, says there won't be enough nylon stockings to satisfy women customers until late in 1947.

There is good news, too. Secretary of Agriculture Anderson says we won't have to ration bread to meet our wheat export quotas, but he adds that there may be 20 per cent less fats and oils due to the world food shortage.

Make-up that looks like real silk is applied to the legs with a sponge. Seams and clocks are then drawn in with a special cosmetic pencil.

Make-Up "Stockings" Can't Run

MAKE-UP takes the place of silk in novel stockingless hosiery recently developed by a Hollywood make-up expert. A specially made preparation, applied with a damp sponge, is spread thinly and evenly over the bare legs. When it dries, the substance is said to be almost identical in appearance with sheer silk

hose. To increase the realistic effect of the runless, wrinkleproof "hose," a seam is penciled down the leg with another special make-up material. Though it may be removed easily with soap and water, the stocking cosmetic will not come off on clothing and will not run or cake from the effects of perspiration, the makers claim.
